

Rental Policy

At JC Strings, we believe the quality of the rental instrument is a crucial factor in the student's ability to learn to play any instrument. We recently invested in a large inventory of brand new rental instruments to go along with our new retail store. Our philosophy is to invest in higher quality instruments, replace the factory strings and bridges, and finely tune each instrument for all our rental students. All of our rental instruments undergo the same professional setup with high quality German or Austrian strings, German tailpiece, and French bridge carved in our shop.
